Filterelement, ungeachtet der Ausführung sind mit Qualitäts-Komponenten hergestellt, welche nicht giftig und biologisch inerte Rohmaterialien sind und den Vorschriften der FDA gemäß CFR, title 21, EC/1935/2004 entsprechen.

are manufactured from high-quality, non-toxic and biologically inert raw materials and components and are FDA listed for food contact as per Code of Federal Regulation (CFR), Title 21, EC/1935/2004 as listed below:

Filtermedium Filter media	Borosilikatglassfieber eingelagerte Aktivkohle Borosilicate glass fibers embedded activated carbon	CFR title 21, 211.72 CFR title 21, 177.2260
Endkappen End caps	Aluminium Aluminum	CFR title 21, 211.65
Dichtringe O-rings	Perbunan, silikon- und trennmit- telfrei, Perbunan, silicone free and free of parting compounds	CFR title 21, 177.2600
Vergussmasse Sealing compound	Polyurethan Polyurethane	CFR title 21, 177.1680
Filterkörper (Filterrohr) Body for carbon (tube)	Polymethylmethacrylat Polymethylmethacrylat	CFR title 886.1385
